CBTU Endorses Nigel Barriffe, NDP Candidate for Etobicoke North:

Greetings Brother Nigel Barriffe,

It is with great pleasure that the CBTU, Ontario Canada Chapter (“CBTU”) has endorsed your candidacy for Member of Provincial Parliament for Etobicoke North in the upcoming provincial election.

As a member of CBTU, your values and vision are in line with our mission to work within the framework of the trade union movement to advocate for the inclusion of workers of African-descent and racialized workers in all spheres of our society. You are committed to challenging Tim Hudak’s right-wing public policies that undermine workers’ rights such as his proposed: one hundred thousand (100,000) public service sector job cuts, conservative “right-to-work” policies, contracting-out practices, back-to-work legislation and all other forms of attacks on Labour and workers of colour.

CBTU calls upon our members and allies within the labour movement and community to Stop Hudak and vote for Nigel Barriffe, NDP for Etobicoke North on June 12

As a Public school teacher, your goal “Build Home” in the schools of Etobicoke North aligns with the needs of students and teachers. This is a refreshing contrast to the legislatively imposed contracts imposed upon teachers by the Liberals and current Incumbent, Shafiq Kadri MP. CBTU, Ontario Canada vehemently supports the principle of free collective bargaining and you will add an important voice for workers as an experienced educator.

CBTU takes pride in our association with your cause for change that is based upon community building. We believe your campaign theme “Build Home” is integral to creating a strong and caring community, where families in Etobicoke North can feel safe and secure.

We wish you well brother. Good Luck!

In Solidarity,

Coalition of Black Trade Unionists, Ontario Canada Chapter

Note: This endorsement from CBTU, Ontario Canada reflects a democratic and collective decision of our membership. As an independent organization CBTU does not speak for the Affiliated Unions to which our members are also affiliated.
